

**Aloha Estates Association Board of Directors Meeting Minutes**  
April 24, 2011

**Present** –Sandy Schaffer, Marty Schaffer, Denette Jones, and John Pacheco (JP).

Meeting of the Aloha Estates Association board was called to order on Sunday, April 24, 2011, at 10:00am, at the Jones residence.

**Old Business**

Paving – There was discussion regarding the upcoming paving project, as the contractor (Loeffler) needed more specifics in order to provide a better estimate. To facilitate the project moving forward, JP volunteered to team with Kelvin Káne and Denette Jones to measure the roadways, mark with spray paint, and send photographs to Loeffler. Once a proposal is forwarded and approved by Loeffler, JP will rent the appropriate equipment to mow the roadway shoulders (three feet on each side) just prior to road repairs, thereby reducing AEA costs in relation maintaining easements and disposing of green waste.

Meeting was adjourned at 11:00am.

Denette Jones, Secretary
