## **Notice to All Aloha Estates Association Members**

Aloha, Notice is hereby given to all AEA members; property owners within Unit I of Aloha Estates Association. We are in the process of planning future paving projects and need your kokua (help). In our effort to maintain the roads and to ensure safety for all who traverse the roads, whether on foot or by vehicle, we are asking you to be responsible by maintaining the area fronting your property.

We ask that all Association members tend to the brush, weeds and high overhanging branches fronting your individual properties, and ensure that all obstructions have been pushed back from the roadway by 10' (ten feet). We ask that you complete this clearance by July 31, 2014; if you are unable to meet this deadline please notify the Association either by telephone or through the website. Mahalo!
