Monday, Sept 28, 2015  
Mt View Elementary School Cafeteria**

**5:30pm - 6:30pm Potluck  
6:45pm: Hawai'i Ant Labs**

Aloha Estates Association welcomes all members and community neighbors to an informational meeting about the most recent invasive pest known to invade our community. The Little Fire Ants have been around for a while on Hawai'i Island but recently have surfaced in our neighborhood. Come and meet your neighbors and listen to our invited speakers' from the University of Hawaii's Little Fire Ant Lab's presentation about these pests and learn how to fight against their infiltration.
